DANA LYONS

“Every movement has its minstrel. The unions had Woody Guthrie. The peace movement had Phil Ochs. The environmental movement has Dana Lyons.” — Captain Paul Watson, Sea Shepherd Conservation Society

Dana Lyons talks with Dr. Ruth Heidrich about his life, his plant-based activism, and his music.

Best known for his global comedy hit “Cows With Guns” which went to #2 on Australia’s Country Charts and remained on Ireland’s Top 40 for six months, Dana Lyons is a singer, guitarist and recording artist who has toured the world for thirty years promoting environmental and social justice causes. His beautiful singing voice and fun, outrageous

performances can be enjoyed by the whole family.

Dana made an album with world-renowned Jane Goodall called “Circle the World” which features Goodall telling stories and Dana singing related songs.

Here is a link to Dana’s “Love Song to Jane” that he wrote and performed in honor of her 90th birthday this year:
